

Staying Up-to-Date on COVID-19 Shots is the Best Way to Protect Against COVID-19

**If you're immunocompromised, you're at
greater risk for COVID-19 disease.
You may need additional shots for protection.**

Ask your healthcare provider today if you're due for a COVID-19 shot.

For more information or to find out if you are due for a COVID-19 shot, hover over this QR code with your smartphone camera, tap on the link, and scroll down to the COVID-19 Vaccination Due Date Calculator.
